STARCRAFT BUS

► When you are looking for quality without compromise, the Allstar XL Series from Starcraft Bus delivers. The XL, with its solid, steel cage frame, utilizes the same construction as the time-tested Allstar. Built on International's TC chassis, this bus utilizes straight side wall construction and features a wide aisle to maximize shoulder space, offering a spacious and comfortable experience for your passengers.

The XL is engineered to accommodate a variety of seating arrangements including wheelchair accessibility and numerous storage options for luggage. The roomy driver area allows for easy maneuvering in and out of the driver's seat and increased visibility for the driver. Finally, whether it's the forward-tilting hood for ease of maintenance or the air suspension driver's seat for a better ride, the Allstar XL's International TC chassis beats the competition hands-down. Choose the Allstar XL...quality, inside and out.

Starcraft Bus, a division of Forest River, Inc., is owned by Berkshire Hathaway, one of the most respected and financially secure companies in the industry.
